

Xinghao Huang

BSc Statistics, Year 4

+1 (672)-727-2297 | xinghaohuang3@gmail.com | github.com/xhuang512 | xhuang512.github.io

Education

University of British Columbia

Kelowna and Vancouver, BC

Bachelor of Science, Major in Statistics

Sep 2023 – Present

Technical Skills

Core Languages: Python, R, SQL, Java

Data Science & Statistical Computing: pandas, scikit-learn, Jupyter, RStudio; statistical inference, regression, data visualization, and model evaluation

Tools & Technologies: Git/GitHub, MongoDB, PostgreSQL, Oracle Database, REST APIs, Go, TypeScript, JavaScript, React, Flask, Node.js, Express

Selected Projects

Urban Bike Infrastructure Maintenance System (Node.js, Express, Oracle Database)

- Developed a relational database application to track bike condition, inspection history, and maintenance status across different bicycle types.

Interactive Music Player with Rhythm Game (Java, Java Swing, JUnit)

- Designed and further developed a Java Swing interactive music player with rhythm-game functionality, including song management, persistent JSON storage, reusable design patterns, and JUnit-tested core features.

Canadian Fire Visualization (Python, Altair, pandas)

- Built two interactive Altair dashboards with coordinated geospatial and distributional views to analyze Canadian fire severity, including robust handling of inconsistent labels and missing data across decades.

SkySync (React, Flask, Spotify API)

- Developed and further updated a weather-responsive music platform after the hackathon, integrating Flask, OpenWeatherMap, and Spotify APIs while leading rapid frontend prototyping for the MVP.

Experience

Software Developer Intern, RealMaster Technology Inc. | *Full-time · Remote*

Jul 2026 – Present

- Develop backend data pipelines in Go and TypeScript for crime-data ingestion, MongoDB-to-PostgreSQL migration, and resilient Google Drive batch processing, supported by unit testing and GitHub code review.

Market Researcher, Real Property Data | *Part-time · Hybrid*

May 2026 – Present

- Collect and verify real estate listing, pricing, transaction, and development-status data from field visits, broker posts, public records, and online sources.

Notetaker, UBC Centre for Accessibility | *Part-time · On-site*

Jan 2026 – Apr 2026

- Produced organized and accessible lecture notes within 48 hours while maintaining confidentiality and accessibility standards.

Exchange Student, Fudan University | *On-site*

Shanghai, China | Jun 2025 – Jul 2025

- Completed 5 UBC-transferable credits and received the UBC Go Global International Learning Programs Award.

Talent Program Participant, China CITIC Bank | *On-site*

Changchun, China | Jul 2024 – Aug 2024

- Supported autism-focused community outreach and delivered the closing ceremony speech on behalf of participants.
